

ARITCO DESIGN CONCEPT

Design Concept Shanghai

by Alexander Lervik

Shanghai is a vibrant city in China that combines traditional Chinese culture with modernity. It's known for its sky scrapers, futuristic architecture, and vibrant street life.

Shanghai's rich textures and intricate architectural details inspired the Shanghai DesignWall. With patterns discovered at every corner and a warm brown-bronze palette, this design reflects Everyday Prestige and Discreet Sophistication in motion.

- Alexander Lervik

Lift color: Bronze

DesignPanels: Mahogany

DesignWall: Shanghai

Control panel color: Bronze

Aritco HomeLift DESIGN CONCEPT

Since its 2016 debut, the Aritco HomeLift has redefined home mobility with Scandinavian design, clean lines, and a glazed shaft. Today, Aritco remains a category leader—its iconic design shaping the industry standard.

Now, Aritco introduces a new level of customization. Personalize your lift with your own image or pattern on the DesignWall, new flooring options, and curated panel styles. For effortless elegance, choose from four exclusive concepts by renowned designer Alexander Lervik.
