

ARITCO DESIGN CONCEPT

Design Concept Berlin

by Alexander Lervik

Berlin is a dynamic city in Europa with a rich history and thriving art and design scene. It's known for its creativity, alternative culture and innovative architecture.

Inspired by Berlin's bold contrasts — from elegant avenues to worn facades — the Berlin DesignWall and concrete Design-Panels capture the city's raw creativity. A fusion of Functional Elegance and Discreet Sophistication, shaped by urban culture.
