

ARITCO DESIGN CONCEPT

Design Concept Stockholm

by Alexander Lervik

Stockholm is known for its Scandinavian design, often characterized by simplicity, functionality, and elegance.

Inspired by Stockholm's harmony between nature and city life, the DesignWall reflects a blooming midsummer meadow, while the DesignPanels echo the calm strength of Scandinavian pine forests. A celebration of Sustainable Thinking and Functional Elegance, rooted in home.

- Alexander Lervik

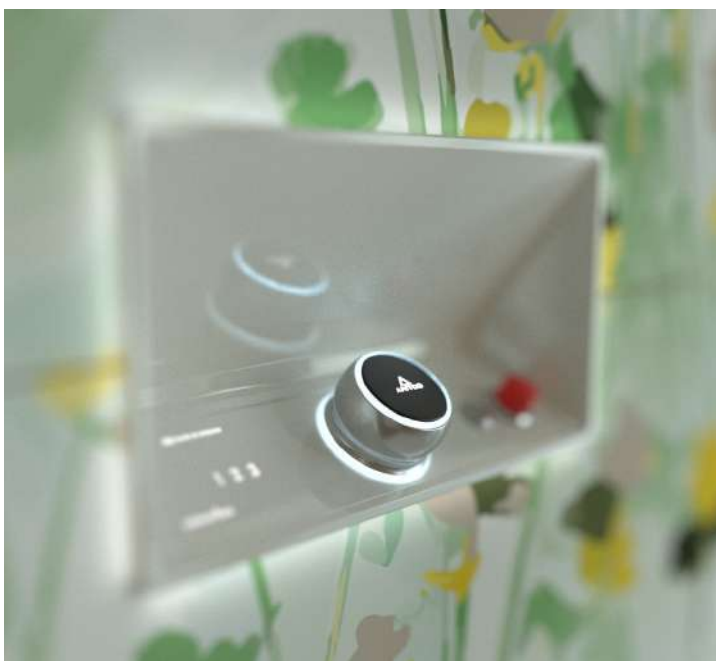

Lift color: Grey White

DesignPanels: Pine

DesignWall: Stockholm

Control panel color: Traffic White

Aritco HomeLift DESIGN CONCEPT

Since its 2016 debut, the Aritco HomeLift has redefined home mobility with Scandinavian design, clean lines, and a glazed shaft. Today, Aritco remains a category leader—its iconic design shaping the industry standard.

Now, Aritco introduces a new level of customization. Personalize your lift with your own image or pattern on the DesignWall, new flooring options, and curated panel styles. For effortless elegance, choose from four exclusive concepts by renowned designer Alexander Lervik.
